

Residents Write Song For 1st Lady

Residents of a Clermont County drug rehabilitation center have written a song to honor the First Lady, scheduled to visit them today.

Banners and posters have also been made to welcome Nancy Reagan, said Pat Wellahusen, administrative co-ordinator for the Straight Inc. center in Mount Repose.

"The kids have written a song in her honor; I believe it's called 'Since Straight's Been Here,'" said Wellahusen.

"We're doing what anybody does when they have company—we're spiffing it (the center) up," Wellahusen said, adding that Mrs. Reagan is the most important guest Straight has had.

The center has installed extra phone lines for the visit and arranged for a Secret Service inspection of the building.

Mrs. Reagan's visit is considered non-
